

Hampton Welder Sent To Jail For 60 Days, Fined \$250 For Jury Tampering Charge Here

Chester M. Shank, 62, Hampton welder and father of six children, was sentenced to pay a fine of \$250, spend 60 days in the county jail and pay the costs by the Adams County court this morning on a charge of tampering with a juror.

Shank entered a plea of nolle contendere in open court this morning after a bench warrant had been issued on the charge Friday.

His attorney, Eugene R. Hartman, told the court that Mr. Shank had not understood that the rule that no one may speak to a juror concerning a case on which he is serving applies to the juror at home as well as to the juror in the court house.

Asked FAVOR "As Friend"

Shank had approached a juror, Sterling Thomas, Gettysburg R. 4, on Friday morning and had asked Thomas, as a friend, to "stick by me" in the case of pointing and discharging a firearm brought against DeLyle Keller, New Oxford R. D., Keller is charged with pointing and firing a gun at Mrs. Shank Thomas was one of the jurors hearing that case which ended Friday afternoon when the jury decided that since Mr. Thomas had been approached, it would likely be prejudiced and therefore could not bring a verdict.

When the court learned of Shank's action, it issued the warrant for his arrest on a charge of tampering with a juror.

Attorney Hartman said in court today that Shank admitted going to the home of Thomas three times on Thursday night and failing to find him at home then returned Friday morning and asked Thomas to "stick by me" in the case.

"No Excuse"

The attorney added that Shank was worried about the condition of his wife, who had an emotional breakdown at the magistrate, and thus determined to see Mr. Thomas.

Judge W. C. Sheely, speaking for the court, held that "it is unfortunate but that which you (Shank) did strikes at the heart of the whole jury system and if people can contact juror, and judges, then there is no safety for the jury system. To protect the jury system we must protect the jurors and the public must realize that. We must consider this case in accordance with how it may affect others, so that no one may be tempted to again tamper with jurors."

HAFER AWARDED VERDICT IN CASE AGAINST OYLER

Sebastian R. Hafer, E. Water St., was awarded \$230.28 by an Adams County jury Saturday afternoon at the conclusion of the action in assumption suit brought by Hafer against H. M. Oyler, Fairview Ave.

Hafer claimed Oyler owed him \$651.57 for work at the Oyer home on Fairview Ave., including a heating system and bathroom installations.

Oyler made counterclaims concerning damage to drapes and additional work that had to be done to revamp the system installed by Hafer.

In its verdict the jury held that Oyer should pay Hafer \$651.57 plus six per cent interest totaling \$65, or a total of \$716.67. The jury also held that Hafer owed Oyer \$486.39 paid by Oyer to York-Shippley Co. and therefore directed that Oyer pay Hafer \$230.28.

Judge Dale Shughart, who presided in the case, moulded the verdict to read, in conformance with the style used in civil suit verdicts, "In favor of the plaintiff in the sum of \$230.28."

Harlan L. Staub was foreman of the jury which deliberated from 10:30 a.m. Saturday until about 12:30 p.m.

Begin Group Case

Trial was begun this morning of the action in trespass brought by Betty Mae Group, Gardner's R. D., administratrix of her sister, Nora A. Bodkins, deceased, and the heirs of Nora Ann Bodkins, against Dean Albert Orner, Benderville, and John P. Bodkins, Gardner's R. D.

The case is based on an auto accident on the Gettysburg-Carlisle Rd., near the Cumberland County line, in which Mrs. Bodkins was fatally injured. At the opening of the trial the court explained that Bodkins had made settlement with his wife's estate, but that since the trial had started listing him a defendant he would be continued, although he would not testify as a defendant.

Bodkins, appearing for the plaintiff, this morning told the jury he and his wife were employed at Mt. Holly Springs. On the evening of the accident, they were driving to the home of Mr. and Mrs. Robert Group, about 660 feet inside Adams County. Bodkins said that he looked back in the rear view mirror several times before approaching the top of the hill at the county line, then did not signal because he did not see anything approaching from the rear. He said he had almost negotiated his turn into the lane at the Group property when he felt something strike the rear of his pick-up truck. When he came to, he said, he found the truck spun around and heard his wife call. He found her in a ditch along the road. Dean Orner's car, he said, was "down the road" toward Idaville, and on the opposite side of the highway.

Mrs. Bodkins spoke a few more words and "that was the last she said," he added. Her heirs are Mr. Bodkins and a 12-year-old daughter, Nora.

The case is the next to last trial during the current term. The final trial will be held Tuesday.

LARGE CROWD AT SERVICES OF DEDICATION

A large crowd attended the services of dedication of Mt. Carmel EUB Church Sunday morning and afternoon. A new addition housing a kitchen, auditorium, nursery and stage was dedicated.

The history of the Pennsylvania Conference, by Paul E. Holdcraft, states that in the fall or winter of 1890-91 a "very fruitful revival meeting" was held in Poplar Springs Schoolhouse, about a mile north of where Mt. Carmel EUB Church now stands. Rev. Irvin Group, a quarterly conference licensee, conducted the meeting. The church building was erected under the pastorate of Rev. O. P. Harnish and Rev. O. F. Diller, who jointly served Benderville Circuit in the conference years of 1893-94.

The class that was organized following the revival worshipped in the schoolhouse and for a time was known as the Poplar Springs Class. When the church building was erected it became known as Mt. Carmel. The first trustees were Jesse Shaffer, Linn Spence and Conrad Stultz.

The Mt. Carmel Church was detached from the Mont Alto Circuit and attached to the Benderville Circuit at the conference of 1892. In 1904 Mt. Carmel was detached from Benderville and attached to South Benderville Circuit and then to Biglerville Circuit. In 1933 Mt. Carmel, Mt. Hope, Mt. Calvary and Bethlehem of the Biglerville Charge and Mt. Victory and Gardner's of the Benderville Charge became a charge to be known as the Orrtanna Circuit. In 1949, Mt. Carmel, Mt. Hope, and Mt. Calvary detached themselves from the Orrtanna Circuit and became known as the Orrtanna Charge.

SAINT JOSEPH COLLEGE WILL RAISE TUITION

Saint Joseph College, Emmitsburg, will increase its tuition fee for students effective at the opening of the fall semester, it was announced today by Sister Hilda Geason, president.

In a letter to parents of the student body, Sister Hilda pointed out that the action was taken after "due consideration" by the school's administration, and because of the "ever-increasing operating costs that all colleges are facing today."

"For some time we have considered suggestions for this move from members of the school's advisory board and the Alumni Association," Sister Hilda said. "But because of the traditional policy of the Daughters of Charity, that of providing good Christian education for Catholic women at the lowest possible cost, the administration has been reluctant to go ahead with these suggestions."

Continuing, the letter explained that, "even with this increase, the entire tuition paid by students represents less than forty per cent of the school's operating costs, and today Saint Joseph's tuition fees are lower than those of most liberal arts colleges in the country."

Given Separate Charter

Two years ago Saint Joseph's was granted a separate charter making it financially independent of the Community of the Daughters of Charity of Saint Vincent de Paul, whose Pastern Province Central House is located adjacent to the

Unknown Soldier Of Europe Is Selected From Among 13

By GEORGE MCARTHUR
EPINAL, France (AP)—A moist-eyed general solemnly marched past 13 flag-draped caskets today and chose one symbolizing American servicemen who died unidentified in Europe and North Africa in World War II.

The casket was borne away to a rendezvous at sea to join a similarly selected American who died in the Pacific. One of these nameless men will be the Unknown Soldier of World War II. The other will be buried at sea off Norfolk, Va.

Gen. Edward O'Neill of St. Albans, Vt., a scholarly greying man with battle decorations for three assault landings, stood with head bowed for a full minute before choosing one of the 13. Then he marched forward, and placed a red and white wreath on the casket fifth from the left.

SCHOOL TAX IN FRANKLIN RISES

The Franklin Twp. School Board at a meeting last Thursday evening at the Cashtown school adopted finally a \$193,395 budget for the 1958-59 school year which will require an increase in the tax rate from 30 to 33 mills, a board announcement said today.

The increased cost for operation at the elementary level as well as the increased cost for the township's participation in the Gettysburg Joint School District made the tax increase necessary, board members said.

A major part of the meeting was spent reviewing the budget, which includes "raises for all the teachers over and above the mandatory amount required by state legislation to bring the township teachers' pay scale up to those of the Gettysburg jointure," the board reported.

To Add Teacher

The budget also provides for one additional elementary teacher because of increased enrollment expected in the fall.

Ira Bollman, the township's school census enumerator, told the board the school census will be completed in time for the next board meeting on Monday, June 2.

Thursday's meeting was the regular May session of the board, postponed from Monday because of the death of Director Jerre Keefer. All of the board members attended and Mrs. D. F. Siegel was present as representative of the PTA.

MAN DENIES HE KILLED 8; SAYS WITNESS DID IT

GLASGOW, Scotland (AP)—American-born woodcutter Peter Manuel, accused of eight murders, went on trial for his life today. In a dramatic twist, his defense attorney pointed to a prosecution witness and accused him of three of the slayings.

Manuel has pleaded innocent to murdering three teen-age girls, three women, a man and a boy. The prosecution witness, William Watt, was waiting to give evidence when Manuel's attorney pointed him out to be jury of nine men and six women.

The attorney charged that it was Watt, and not Manuel, who shot three women to death in their Lanarkshire home. The victims in that episode were Watt's wife, his daughter and daughter-in-law.

"Special Defense"

The attorney added he would also show that when three other victims were slain, Manuel was at his suburban home with four other people.

Under British law, a defendant can establish his own innocence by proving the guilt of another. Lawyers said this legal device, called a special defense, has not been used in half a century.

Manuel, 31, who was born in New York of Scottish parents was brought to Scotland as a child. He was arrested last January at the suburban home he shared with his mother and father.

He pleaded innocent to all the murder charges.

The alleged crimes were committed over a period between January 1956 and January 1958 all in the Glasgow area.

SUNDAY SCORES IN AMERICAN UPSET EXPERTS

Associated Press Sports Writer
American League managers learned Sunday they no longer can rely on pitchers' previous performances against a particular team. Those who were supposed to win were beaten and those who figured to lose were successful.

The most pronounced examples were Arnold Portocarrero, Camilo Pascual, Jack Urban, Jim Wilson, Bobby Shantz and Billy Pierce. Portocarrero, making his first start since Baltimore obtained him from Kansas City, combined with George Zuverink to shut out Boston as the Orioles swept a doubleheader from the Red Sox 3-2 and 4-0. The big right-hander had never beaten the Red Sox.

Pascual, with only one previous victory over New York in 12 decisions, shut out the Yankees 4-0 after the American League leaders had beaten Washington 4-3 in the first game of the doubleheader. Bobby Shantz beat the Senators, to whom he had bowed 12 previous times in 22 decisions.

Detroit handed Kansas City its sixth straight defeat, 10-3, clubbing Urban for eight runs before they shelled him out in the eighth. The Athletics' right-hander had never before been beaten by the Tigers.

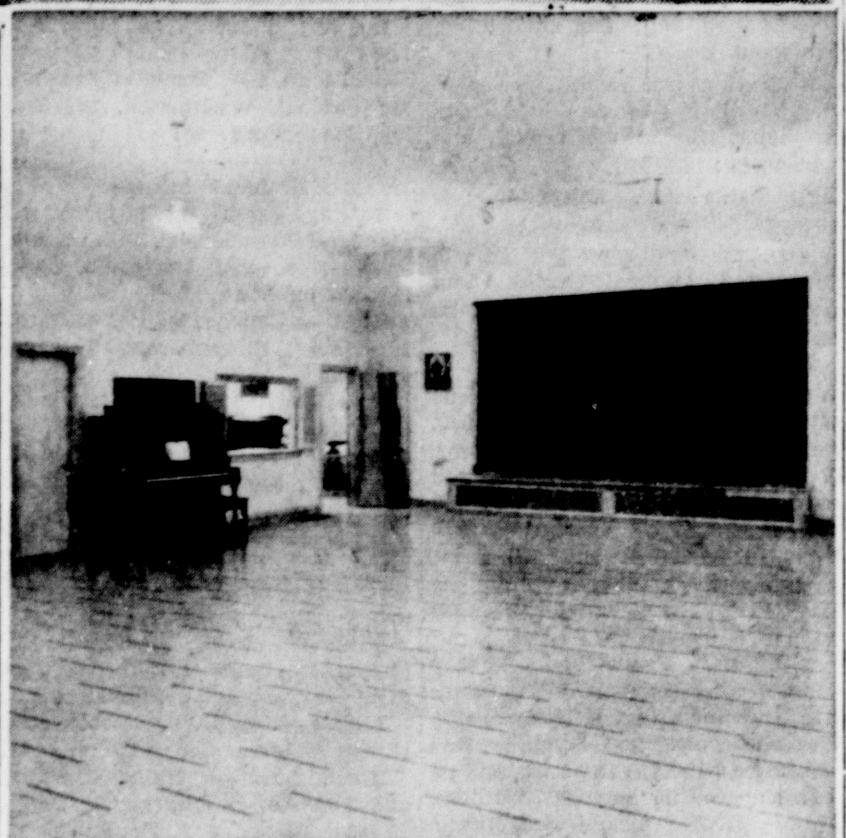

Jim Wilson pitched the Chicago White Sox to a 5-2 triumph over Cleveland after the Indians had won the first game 4-2. Wilson had a 4-9 lifetime record against the Tribe. On the other hand Billy Pierce, whom the Indians whipped in the opener, for his third loss without a victory this season, has beaten Cleveland 27 times.

Billy O'Dell, in relief, gained credit for Baltimore's first game triumph as the Orioles moved to within a half game of the second place Senators. Gus Triandos' home run in the eighth, his fourth of the season, broke a 2-2 tie in the first game. Billy Gardner and Jim Marshall homered for the Birds in the second game.

Pascual throttled the Yankees with five hits as he became the first pitcher to shut out the league leaders this season. The Senators routed Johnny Kucks with a three run assault in the fourth. Shantz gave up one hit through six innings in the opener but needed help from Ryne Duren in ninth.

New York's Bill Skowron and Washington's Roy Sievers suffered injuries in the nightcap. Skowron's plection of the building were obtained in the form of loans.

The following is a financial statement from June 12, 1955, to March 3, 1956: Receipts or income, \$14,207.10; Expenditures, \$13,859.49; Borrowed, \$9,000; Debt, \$8,000.

tore a back muscle, landed in a hospital, and is expected to be sidelined for at least two weeks. Sievers pulled a muscle in his left leg and will be out from three to six days.

Carroll Hardy's two-run single featured a three-run uprising in the seventh that carried Cleveland to its first gam victory. Jim Rivera hit his first home run of the season, drove in two runs and scored twice in the White Sox second game triumph.

Rookie Bob Shaw gained his first major league victory as the Tigers exploded for seven runs in the eighth to snap a 3-3 deadlock. Bob Cerv clouted his 10th home run for the A's but Charlie Maxwell and Billy Martin homered to drive in five runs for the winners.

"SWEET MUSIC"

When God gave music to the world . . . He did a wondrous thing . . . for music comforts heart and soul . . . and so its praise I sing . . . I do not thing especially of . . . instruments that are fine . . . but rather of the common things . . . that make music divine . . . birds chirping low at eventide . . . the sound of wind and rain . . . a babbling brook that warbles out . . . Dame Nature's sweet refrain . . . waves splattering on rock-bound shores . . . caress my deep emotion . . . as do the whistles in the night . . . from ships that sail the ocean . . . of course mankind must write it down . . . with reason and with rhyme . . . the ordinary things that hold . . . a tenderness sublime . . . like church bells full of magic charms . . . that calm our doubts and fears . . . yes, things we take for granted are . . . sweet music to my ears.

The ceremony at the U.S. Cemetery here will match two others at the Military Cemetery in Honolulu. M.Sgt. Ned Lyle of Erwin, Tenn., who won the Distinguished Service Cross in Korea, will select the body of the Unknown Soldier of the Korean War on May 15. The next day Air Force Col. Glenn T. Eagleton of Alhambra, Calif., will pick the serviceman to represent the Pacific war dead.

Before the afternoon was out, Coffman was back in the hospital with a foot slashed by he mower. This time more extensive surgery was required for a severed tendon.

MARKET MIXED

NEW YORK (AP)—Selected stocks were in demand as the stock market was mixed in active trading early this afternoon.

Most key stocks showed fractional changes. Wider moves were made by a few issues. The market backed away from its latest 1958 high and was generally lower in early trading. Improvement set in before midday, leaving the general pattern irregular.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

ONE HUNDRED YEARS AGO

The public schools of the borough took possession of their fine new building last week; and are getting rapidly into system. The edifice is admirably calculated for the purposes intended and furnishes many conveniences for instruction and comfort more than formerly. The general superintendence has been entrusted to Mr. M. S. Converse, who is the Principal; Mr. R. A. Lytle, as vice principal; with Misses McClellan, McCreary, Thompson, McCurdy and Thompson as Teachers. The building and ground will cost about \$8,000 and is quite an ornament to our Borough. The desks in all the rooms are of uniform material — black-walnut — neat and substantial, and intended each to seat two scholars. The building is heated by furnaces in the basement. About 380 children were in attendance last week; and high street presents a lively appearance before and after school hours. There is one evil to which our attention was called — that of sending so many young children to the school such as need rather the kind attention of a nurse, than the rigid discipline of a teacher.

It will be a happy state of things when we see no specie sent out of the country to Europe for a year, for it is always sent to pay the balance owing by our country to them; to pay the enormous amounts of silk, champagne and other articles of luxury. It would be a happier state of things if we could prevent the shipment of specie for five years, or forever. We buy too much abroad and sell too little.

To Contractors: The Board of School Directors of Franklin Township will meet at the home of Henry Mickley, in Cashdown, in said township on Saturday, the 5th of June next at 4 o'clock in the afternoon for the purpose of letting to the lowest and best bidder the building of a brick schoolhouse in the village of Mummaburg. Plans and specifications can be seen by calling on the first named of the Committee in said village. Samuel Hart, Samuel Lohr, E. W. Stahle.

SEVENTY-FIVE YEARS AGO

Local Items: The Town Council have granted to the Gettysburg & Harrisburg Company the right of way through Railroad street.

Emmitsburg wants water. It is proposed to organize a water company with a capital of \$12,000 to bring water from the mountain. Last week Mr. Sneeringer presented in the House petitions from Adams county asking for the passage of a law to make the office of Clerk to the Commissioners elective by the people.

Our exchanges from all parts of the state speak of unusually severe thunderstorms last week. They seem to have been general from Pittsburgh to Philadelphia doing a good deal of damage in some places.

Election: On Thursday evening of last week Good Samaritan Lodge No. 336 P.A.M., elected W. S. Schroder S. W. and Charles H. Ruff J. W. The election was caused by the resignation of H. S. Benner, S. W.

At the Emmitsburg municipal election last week the following persons were elected: Henry Stokes, Esq., burgess; commissioners, John T. Long, J. Taylor Motter, Joseph Snouffer, Charles S. Zeck, John G. Hess and O. A. Harner; President of the Fire Company, Wm. G. Blair; Vice president of the Fire Company, Granville T. Crouse; Secretary of the Fire Company, Jas. O. Hopp; 1st Engineer, C. S. Zeck; second engineer, Oscar D. Fraley.

Messrs. Gitt and Stewart, having completed the surveys of the proposed railroad between New Oxford and York Springs, are now engaged on the maps, profiles, &c. Three lines have been run from points on the Hanover & Gettysburg road, west and east of New Oxford, all centering near Holtz's mill.

Today's Talk

DEPENDABLENESS

I know of no quality of character deserving the high rating that dependability does! If you can trust a man that man stands apart. Millions of people have read that remarkable little book, written by Albert Hubbard, called "A Message to Garcia." During the Spanish-American War President McKinley wanted to get a message to Gen. Garcia, somewhere in Cuba. A man named Rowan was selected — a man from Kansas. He was given the message with no other instructions than to deliver it. The man saluted, turned and left.

Did he find Garcia? He did — and delivered the message.

That messenger asked no questions, had no fears, but knew that his task was a serious and hazardous one. Undoubtedly the confidence the President placed in him inspired that officer to say nothing, but to get on with his instructions. He did a heroic job.

Much more than brilliance of mind is that great quality of dependability that is one of the outstanding traits of human character.

Believe in the one you have advanced to a more responsible position, and your belief and confidence will amply repay you.

This world is carried on through credit — and character. Business will keep getting better and better as one's confidence grows stronger. There is so much to be done — so few to see that it is done wisely and profitably. This is no time in which to sell either America or the free world — short. Have faith. Believe. Always may it be — this land we love, may it forever remain at peace, with "Liberty Enlightening the World."

Tomorrow Mr. Adams will talk on the subject: "Another Spring-time"

Just Folks

CHANT OF THE GOLFER

Last week I was down in the dumps.

A thing disconcerted with life;

The green was all hummocks and bumps.

And I think that I hated my wife.

With no matter what people would say

I disputed; but now I am free

And the world looks much better today;

I have made Number Seven in three.

I fire my bookkeeper twice

And I let the stenographer go;

Of my product I boosted the price.

I refused to pay debts that I owe.

There isn't a doubt I was mean,

Just as mean as a mortal can be.

But today all my skies are serene;

I have made Number Seven in Three.

For a week I have sliced and topped,

I've hooked, and I've ploughed up the sod,

And the ball that was fairly met stopped

In a manner decidedly odd.

On the course I have dribbled and rolled,

Every wrong thing has happened to me,

But there's no one today that I'd scold;

I have made Number Seven in three.

ANNUAL MAY PROCESSION HELD SUNDAY

The annual May Procession took place in St. Aloysius Catholic Church Sunday evening, when a statue of the Blessed Mother, placed in a flower bedecked shrine, was crowned as Queen of the May. Mary Ellen Orndorff, a member of this year's First Communion Class, placed the crown of flowers after it was blessed by the pastor, the Rev. William A. Boyle. Her attendants were Rosalie Sanders and Deborah Rohrbach. The crownbearer was Patricia Pfaff, who was preceded by Mary Thomas as flower girl. Virginia Dietrich, a member of the eighth grade class, read the Act of Consecration to the Mother of Good, and she was also attended by two flower girls, Bonnie Ozminski and Norma Jean Crabbs.

The order of service included the procession with Donald Jones as crown bearer and James Long and Larry Alfio as acolytes. The processional hymn was "Ave, Ave Maria." The Lourdes hymn, David Klunk and Linus Bevenour lead the procession. The crowning took place during the singing of "Hail Virgin Dearest Mary." Father Boyle's message concerned the Blessed Mother. He said, "We pay honor to the Mother of God, because God Himself honors her; He also crowned her as Queen of Heaven and Earth. She is seated on His hand and intercedes there for all; we do not adore her, but we pray to her for this intercession."

Miraculous Medal novena prayers preceded Benediction of the Blessed Sacrament and the service concluded with the traditional hymn of praise, "Holy God." Mrs. Thomas French presided at the console. The church was filled to capacity for the service.

CHICAGO (AP)—The United States and the Russian weightlifting teams get down to work tonight at the International Amphitheater in the first of three meets in this country.

The two teams, feted by various organizations over the weekend during which they saw the double-header baseball game between Cleveland and the Chicago White Sox, will meet in Detroit Thursday night and New York city Friday.

LOS ANGELES (AP)—Jack Beckner led the Los Angeles Turners to their third straight National AAU gymnastics championship.

Beckner, former University of Southern California ace, was named all-around champion after the weekend competition.

The Turners copped the team title with 52½ points, followed by USC with 24. The Southern California Gym Club with 16 and the University of Illinois with 13½.

DAYTON, Ohio (AP)—Juan Panglo, the Argentinian road-racing champion, may not be able to drive in the Indianapolis 500-mile race on Memorial Day. The Dayton Journal Herald said today.

In a story by Graham Justus, the paper's auto racing editor, the Journal Herald said Panglo signed an agreement with British Petroleum Co. some time ago, in which he promised to use only their lubricants in any cars he drives.

But the Dayton Steel Foundry, whose car Panglo is expected to drive May 30, has agreed to use the products of an American firm (Mobilgas), the paper said.

SYRACUSE, N.Y. (AP)—The leaders in all divisions of the 55th American Bowling Congress tournament enjoyed another session Sunday in which their domination was not challenged seriously.

Sullivan's grill of Forest Park, Ill., was the only 5-man unit to rise above mediocrity in the open team category. It rolled a 2920 series.

AGUA CALIENTE, Mexico (AP)—Round Table is a millionaire.

By winning the \$50,000 Caliente Handicap Sunday, he joined Citation and Nashua as the only horses to earn more than a million dollars. The \$31,800 he picked up brought Round Table's earnings to \$1,005,764.

In winning, he smashed the track record for the mile and one-sixteenth. He was clocked in 1:41 1-5 with Willie Shoemaker in the saddle. Matinee Idol set the previous record in 1955 at 1:42 1-5.

SAN FRANCISCO (AP)—Ruth Hertel of Lexington, Tenn., leads today in Women's International Bowling Congress singles with a three-game series total of 62.

Some 2,000 entrants yet to bowl have until May 20 to better Miss Hertel's score. About 6,500 have completed during the past 25 days. Eleanor Towles of Peoria, Ill., won last year at Dayton, Ohio, with a 664.

RED SKELTONS FIND SOLACE IN SON'S DEATH

By JAMES BACON

HOLLYWOOD (AP)—Comedian Red Skelton and his wife, Georgia, today found some solace in the belief that the international publicity on their son's valiant but losing fight with leukemia may help future victims of the cancer-like disease of the blood.

"I want the thousands of people who have written us that they prayed for Richard during his illness to have faith that God will answer their prayers," said Skelton.

"I believe that good comes out of everything, even tragedy such as ours. Maybe the world will know now that this disease must be licked. I think it is the beginning of all cancer."

16-Month Fight

The 9-year-old boy died Saturday night after a 16-month fight with the disease. Only blood transfusions had kept the child alive in recent weeks.

A final brain hemorrhage sent the boy into a coma that lasted an hour. He awoke briefly and whispered:

"I can't see. Everything is fuzzy."

A doctor turned off the light in the UCLA Medical Center room five minutes later and told the parents that the boy had died.

Family Stunned

It was a moment the Skeltons had dreaded for more than a year. When it came, they were too stunned to move. Mrs. Skelton said she and Red sat quietly weeping beside the boy's frail body for a half-hour.

His father knew earlier in the day that Richard had little longer to live.

"He and I watched 'Mighty Mouse' on television in the morning and then leafed through the Sears-Roebuck catalogue," Red said. He wanted a tent and a camping outfit for his birthday (May 20). He picked a Mother's Day blanket for his mother, too.

Funeral Tuesday

The funeral will be held Tuesday at Forest Lawn's Church of the Reformation at 2 p.m. Richard will be buried in the Forest Lawn Mausoleum of the Sanctuary of Prayer. The rites will be Protestant, a family friend said.

Entombed with him will be a crucifix blessed only Saturday by Pope Pius XII. Last year the Skelton family had a private audience with the Pope.

"It was a highlight of the boy's life," Skelton told a reporter.

On Saturday the boy asked his father if he could get a crucifix blessed by the Pope. It arrived after the boy's death.

No Show Tuesday

The Skeltons are not Catholics but both Richard and Valentina, 11, attended parochial school at St. Martin of Tours Roman Catholic church. The boy was unusually religious. His room was filled with religious statues and pictures.

The funeral comes on the day Red's show is seen on the CBS-TV network. He told an associate to notify the network and the sponsors he did not want even a filmed show on the air that day.

"People understand how I feel," he said.

TEN CONTESTS IN PENNA. FOR HOUSE SEATS

By JOHN KOENIG JR.
WASHINGTON (AP)—Ten Pennsylvania congressmen—five Republicans and five Democrats—face contests in seeking renomination by their parties in the May 20 primary election.

Seventeen other incumbents are unopposed in the primary. Nine are Republicans and eight Democrats. One new congressman will be elected at a special election in connection with the primary. He will fill the unexpired term of former Rep. Earl Chudoff, 4th District, who resigned to become a Philadelphia judge.

1st Negro Congressman
Candidates are Robert N. C. Nix and Harvey N. Schmidt, Democrats, and Cecil B. Moore, Republican. The election is for both the unexpired term of Chudoff and for party nomination for election to a full two-year term in November.

Since all candidates are Negroes the election means Philadelphia and probably Pennsylvania will have their first Negro congressman.

Nix, an attorney, has Philadelphia Democratic organization support. Schmidt, also a lawyer, is

running independently with the support of such prominent Philadelphia Democrats as Sen. Joseph S. Clark and John B. Kelly.

Gates Open in 6th
Rep. William J. Green Jr., Philadelphia Democratic chairman, is the only Quaker City incumbent facing a contest. His opponent is Charles J. Hild, defeated by Green two years ago by a 2-1 margin. Rep. Hugh Scott's candidacy for Republican nomination for the U. S. Senate has opened the gates to a wide-open race in Philadelphia's 6th District. Twelve Democrats and four Republicans are seeking their party's nomination to succeed the veteran Scott in the House.

A third new congressman will have to be elected in the 7th District—Delaware County—where five Republicans and two Democrats are out to take over Rep. Benjamin James' seat. James is retiring.

Peterman Running
Among those entered are Republican Ivan H. Peterman, Upper Merion, a well-known Philadelphia newspaperman, and Democrat Hubert P. Earle, a son of former Gov. George H. Earle III.

Rep. John H. Dent (D), elected in a special election on Jan. 21 and seeking nomination for a full term, is opposed by J. Hilary Kelley, son of the late Rep. Augustine B. Kelley, whom Dent succeeded in the 21st District.

The younger Kelley did not oppose Dent in the special election. John Harhal is entered to make it a three-way race.

DECISION TIME NEAR ON TAXES FOR CONGRESS

By SAM DAWSON
NEW YORK (AP)—The time is near when Congress must fish or cut bait in the muddled tax waters.

Business taxes passed as a Korean War emergency expire in seven weeks.

And in the next few days more official figures on the extent and trend of the slump will be at hand, figures for which the Administration said it was waiting before making up its mind.

Opposing Arguments
The deadline on the corporate income tax and the excises on such things as autos, cigarettes and freight and passenger transportation—plus the clearer view of the recession—could force a decision on tax cuts one way or the other in Congress.

Those who expect tax cuts argue that relief for business, if granted could hardly be unaccompanied by relief for individuals, especially in an election year.

Those opposing any tax cuts now fear that a greater federal deficit and higher debt total would set off more inflation.

Some Hopes High
Business hopes for tax relief now are highest on two fronts: Some lowering of the excise taxes on goods and services hit by the slump, and a change in the rules on depreciation allowance which might spur more buying of equipment and expansion of plants.

The corporate income tax is set to drop at the end of June from the present 52 per cent to 47 per cent, unless Congress acts. Few businessmen doubt that it will. But some hope for a compromise—say 50 per cent of gross earnings going to the U.S. Treasury.

The biggest fight, however, is for an excise tax cut. Industry's side of the argument is that this could revive sales of some floundering durable goods, and perhaps help the ailing railroads.

The battle for depreciation relief takes two forms: One proposal is to inspire building of new plants and ordering of new equipment by cutting the time a company can write off its depreciation for tax purposes.

Chance For Individuals
The other is for general revision of depreciation rules. Business argues that existing plants and equipment also shouldn't have to be written off at their original value, but at more realistic replacement values, which are in most cases much higher.

Individuals hoping for some relief, too, from the high personal income tax rates see a chance to get on the bandwagon if business gets any part of what it's asking.

They argue that lowering personal taxes would give most people more money to spend in the retail markets and would give some people more money to channel into investments, particularly into risk capital by which industry goes into new ventures to the

first full two-year term is Rep. John A. LaFore Jr., elected in a special election last November in the 13th District.

LaFore is opposed by a fellow Haverford, Montgomery County, resident, Louis J. Gingras.

Others facing opposition in the primary are Reps. Paul B. Dague (R) 9th District; Joseph L. Carrigg (R), 10th District; Ivor D. Fenton (R), 12th District; George M. Rhodes (D), 14th District; Walter M. Mumma (R), 16th; Frank M. Clark (D), 25th, and Thomas E. Morgan (D), 26th.

Pennsylvania's House delegation at present stands at 17 Republicans and 12 Democrats, with one vacancy.

COURT DELAYS EFFECTIVE DATE OF WAGE LAW

HARRISBURG (AP)—Dauphin County Court held up today's effective date for new minimum wages for women and children in the hotel, motel and restaurant industry pending a study of their justification.

The new minimum wages were scheduled to become effective today but the court continued a temporary injunction against them pending a ruling on an appeal filed last March by organized representatives of the industry.

The new wage scale, recommended by the Minimum Wage Board for the industry, was approved by the Labor and Industry Department more than five months ago.

Hotelmen Complain
Representatives of hotel, motel and restaurant organizations complained that the new minimum wages were not just and would work an undue hardship on the industry.

The court issued the restraining order against the new scale pending a decision on the industry petitions.

"We have been led to believe that some action will be taken by the court on this matter by the middle of the week," a Justice Department spokesman said.

Minimum Provided
However, he explained, that in the meantime the women and children in the industry will continue to receive their unregulated wages.

The minimum scale first adopted since a 25-cent-an-hour scale was set many years ago, would carry these minimum payments for women and minors in the industry.

GROUNDWORK IS BEING LAID FOR EXPANSION OF PA. LIVESTOCK

HARRISBURG (P) — Pennsylvania's farm economists have laid the groundwork for a 10-year program of aiding the expansion of livestock production in the Commonwealth.

Pennsylvania State University has issued a guide for livestock program development to county extension committees. It outlines the prospects in the next decade and underlines strong points and weak points in the state's livestock picture.

"Changes in the livestock industry are occurring at a rapid rate," said Dr. H. R. Albrecht, director of agricultural and home economics extension at Penn State.

To Benefit Penna.

Most farm observers feel that the changes in the industry will accrue to the benefit of Pennsylvania because of its proximity to markets. At the same time developments in research in the dairy industry could well cause the state's dairymen to switch to production of livestock instead of milk.

The new guide noted that the state's farmers get more than 100 million dollars a year from livestock sales. That's about 14 per cent of the cash receipts of all farm products sales.

At the same time it observed that grassland farming is suited to livestock production and Pennsylvania is a good grass state.

What is the 10-year outlook for livestock production?

The Penn State economists report there are three types of state livestock operations that "show promise of competing cost-wise with other more important national livestock production areas."

The three are: The large-scale

farm; farms that can fit livestock into other farm enterprises, and farms with off-farm income.

The market trend toward greater demand for quality production and greater standardization are bringing about an integration of the livestock business.

See Market Trend

"These economic forces are changing production, processing and marketing practices at a rapid rate," the economists asserted. "Ranch, farm, feed lot, packinghouse, wholesaling and retailing are being tied to a single management."

At the same time they noted that capital investment and operating costs will increase for livestock production. However, there is a trend away from terminal markets toward decentralized markets as a means of overcoming increasing rail and truck rates and taking advantage of lower costs in local slaughtering and processing close to consuming centers.

SIX CANDIDATES GET BUSY TODAY FOR GOVERNOR

Pennsylvania's full squad of gubernatorial candidates went into action today, seeking voter support in the primary election only a week away.

Two Democratic hopefuls and four Republican aspirants were in the field. In at least a couple of cases it appeared the paths of candidates could cross.

On the Republican side Arthur T. McGonigle, GOP organization-backed candidate for governor, and independent candidate Harold J. Vaughan went to Philadelphia. Another GOP independent, William S. Livengood, toured the counties bordering the Quaker City.

PA. SENATORS ARE SPLIT ON AID PROPOSAL

By JOHN KOENIG JR.
AP Special Washington Service
WASHINGTON (P) — Pennsylvania's two senators are divided in their opinion on depressed area legislation coming to a Senate vote this week.

The measure—amended after extensive hearings—is regarded by its proponents as one of vital importance to Pennsylvania.

Sen. Joseph S. Clark (D) is co-sponsor and one of the most active backers of the bill designed to make available federal aid for loans to industry desiring to locate in chronically depressed areas.

Martin With Minority Sen. Edward Martin (R), although sponsor of the original administration version of the proposal, says he has not made a final decision on how he will vote, but added:

"I am inclined to go along with the minority."

By minority, Martin said he meant members of the Senate Banking Committee who voted against bringing the bill up for floor discussion.

Martin told a newsmen he not only was opposed to the amount of money the bill would appropriate but said he could not see the proposal as an aid to ending the current economic recession.

Blames Technology Clark and other proponents of the bill maintain that it is not intended primarily as a recession measure and, in fact, was written long before the recession hit.

Martin said he wants to do what he can to relieve such pockets of chronic unemployment as the bituminous and anthracite coal regions. The trouble here, he said, is that the joblessness is due to new and advanced technology. Martin's administration measure, introduced more than a year ago, would set up a 50 million dollar revolving fund for loans to industry.

dorsement. Elsewhere in the state Mayor David L. Lawrence, Democratic organization choice for the nomination, went to Monessen. Harold Stassen, the third independent toured the southeastern counties.

Over the weekend Livengood said he is confident of victory on the basis of his showing in the 1954 statewide primary elections when he ran unsuccessfully for the GOP nomination for secretary of internal affairs.

Criticizes GOP He said he polled more than 325,951 votes in that election and allowing for a 100,000 vote drop in the May 20 election he would still have 325,000 votes.

A Stassen supporter, meanwhile, criticized the GOP organization for what he termed its "expressed hope that only 40 per cent of registered Republicans will vote on May 20."

Wants Big Vote Frank C. Hilton, running with Stassen for lieutenant governor, said a big turnout of voters in the Republican primary would insure Stassen's nomination.

Lawrence praised industrial development efforts by community leaders and the state administration, but added:

"Additional appropriations will be needed for this job-building program for the next session of the legislature."

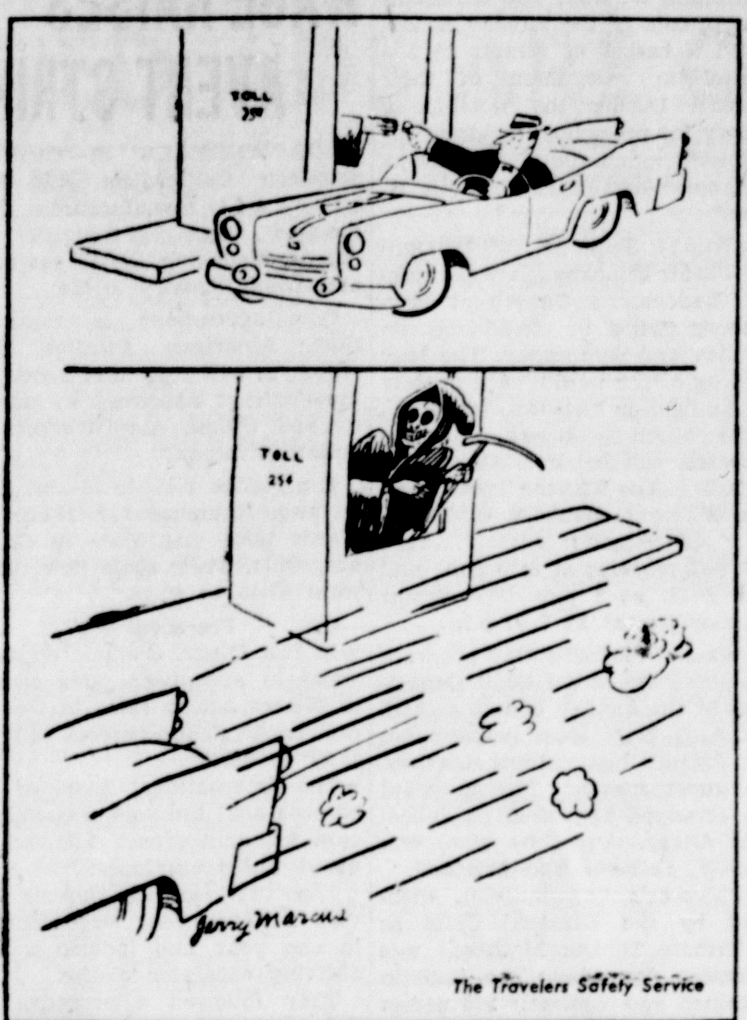

Furman made crime an issue of the primary campaign, declaring it is "approaching anarchy" in the state's major cities.

"WUTHERING HEIGHTS" TOO MUCH FOR TV

NEW YORK (AP)—All the passion, frustration and revenge of "Wuthering Heights" were crowded into 90 minutes of television when "Show of the Month" (CBS-TV) presented its adaptation of the Emily Bronte novel. It was too much for the small screen.

If one believed the evidence of television on Friday evening, "Wuthering Heights" is little more than soap opera. If one believes the evidence of millions of readers in the past 110 years, it is much more. What happened in its translation to television?

Stuck To Story

Miss Bronte wrote a tragedy. She shocked Victorian readers by introducing to English fiction the first heroine who loved passionately instead of being merely loved. She developed a theme of conflict between passion and reason.

James Costigan's script hewed closely to the original story. But in trying to encompass too much story, the production substituted a sense of unreliability agony for a sense of inevitable tragedy.

Two excellent actors, Rosemary Harris and Richard Burton, played the star-crossed lovers Cathy and Heathcliff. They were themselves out in an excess of emotional scenes. Everybody in the cast buffed and puffed too hard in try to breathe life into characters who emerged as stereotypes.

WAGE RAISES AVERT STRIKE

LOS ANGELES (AP)—Three of Southern California's Big Four aircraft manufacturers have reached wage agreements with unions, dispelling the threat of an area-wide industry strike.

One agreement is tentative. North American Aviation, Inc., employees will vote next Sunday on the contract approved by company and United Auto Workers negotiators Sunday.

It provides a 17- to 26-cent hourly wage increase for 15,500 employees here and 5,500 in Columbus, Ohio. Their scale now ranges from \$1.65 to \$2.76.

Precedent Set

In San Diego, Convair employees voted to accept an offer of a 17 to 27-cent hourly raise in the current range in the current range of \$1.23 to \$2.75.

The International Assn. of Machinists said the vote was 69.3 per cent for acceptance. Affected are about 20,000 employees.

The two-year agreements provided a 3 per cent wage increase in one year and include a cost-of-living escalator clause.

They followed a precedent set Saturday when Lockheed Aircraft IAM employees overwhelmingly approved a proposal calling for an hourly boost of 18 to 30 cents.

Highway patrolmen said the twister remained aloft. No reports of damage were received. Sightings of at least four other tornado funnels were reported by the patrol.

Hailstorms lashed the general area near Lubbock Sunday night.

Many Escape As Navy Jet Crashes

SAN JOSE, Calif. (AP)—A crashing Navy jet, the ninth to fall in the area in the last 15 months, did slight damage to two parked cars and a rooftop and narrowly missed two restaurants Sunday.

The jet skidded by a hamburger stand and crashed in flames 100 feet from a restaurant filled with Mothers Day customers, eight miles west of San Jose.

World News In Brief

LONDON (AP)—A strike by 6,500 meat handlers at Smithfield Market, London's meat wholesale center, began at midnight Sunday. Supplies, already short because of a truckers' strike, are expected to become acute if the walkout continues.

The handlers quit work in protest against the discharge of 600 of their number, as the result of a previous walkout by meat truck drivers. The drivers' strike meant less work for handlers and employers let some men go.

PARIS (AP)—A new wave of opposition to any compromise in Algeria today imperiled Pierre Pflimlin's chances of forming France's 26th postwar government
